Youth Program: Please note that the adult shiurim will take place in the back section of the Beit Midrash, while the youth program will take place in designated sections upstairs. Please help us maintain an elevated atmosphere of learning, by ensuring that if your child is planning to participate, he/she understands the purpose of the experience, is age appropriate, and behaves appropriately. Every middle school child must have a designated adult who will take active responsibility for him/her. There will be security to monitor pedestrian traffic on Delmar, and children will not be allowed to congregate outside of the synagogue building, in order not to disturb the neighbors. Please make sure your children understand that in order to participate they must be in shul and involved in a learning program. Thank you for your understanding and partnership.
